**Clery Reporting Information:**

The **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act** is the landmark federal law, originally known as the Campus Security Act that requires colleges and universities across the United States to disclose information about crime on and around their campuses.

The "Clery Act" is named in memory of 19 year old Lehigh University freshman Jeanne Ann Clery (pictured right) who was raped and murdered while asleep in her residence hall room on April 5, 1986.

Jeanne's parents, Connie and Howard, discovered that students hadn't been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact this law, which was originally known as the "Crime Awareness and Campus Security Act of 1990."

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights, and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

The law was most recently amended in 2000 to require schools beginning in 2003 to notify the campus community about where public "Megan's Law" information about registered sex offenders on campus could be obtained.

above to file a report and the appropriate office will be notified. An officer will be dispatched to your location to take the report and the appropriate action(s) necessary in accordance with the type of incident reported. If further investigation is required, the Police Services division will assign an investigator. If the investigation required is beyond the capabilities of the Police Services Division, the appropriate investigative branch for the Memphis Police Department (MPD) will be contacted and the case turned over to MPD for investigation.

The Police Services Division submits incident reports for all crimes committed on campus reported to the department. These incident reports are maintained by the Police Services Division and automatically become part of its record-keeping process. All serial numbers of vehicles and office equipment stolen from college properties are entered into the National Crime Information Center (NCIC) through an agreement with the Bartlett Police Department.

#### **Confidential Reporting Procedures**

A victim of a crime may decide not to pursue action within the college system or the criminal justice system. These individuals are encouraged to consider making a confidential report of the crime with the Police Services Division. With your permission, the director of Police Services or a designee of the Police Services Division can file a report on the details of the crime without revealing your identity. The purpose of a confidential report is to comply with your wishes to keep the matter confidential while taking steps to ensure the future safety of yourself and others on campus. With this information the college can keep accurate records of the number of incidents involving students, employees, and visitors, determine crime patterns with regards to locations and times, methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the college.

In addition to reporting crimes to the Police Services Division, crimes may also be reported to other campus security authorities. Campus security authorities are designated individuals-officials with significant responsibility for student and campus activities, campus officials who manage or otherwise oversee student and campus activities, for example, staff responsible for student extra-curricular activities, a director of athletics or a team coach, faculty advisors to student groups, staff responsible for student discipline, and campus judicial staff. Each campus must identify these individuals. The Police Services Division is responsible for ensuring that they are aware of their responsibilities and submit periodic statistics on any crimes that have been reported to them. #### **Sexual offender information**

Under Tennessee Code Annotated title 40, chapter 39, part 2 repeat sexual offenders, violent sexual offenders and child sexual offenders are required to register with the state of Tennessee. Registered sex offenders are not prohibited from attending Southwest Tennessee Community College, but they must under state law register with the local law enforcement agency in which the college is located and provide the State of Tennessee with this information. The Tennessee Bureau of investigation will then provide the college Police Services Division with the appropriate information.

Information on registered sex offenders may be obtained at the TBI Web site: [http://www.ticic.state.tn.us/SEX\\_ofndr/search\\_short.asp](http://www.ticic.state.tn.us/SEX_ofndr/search_short.asp), or through the Shelby County District Attorney's General's Web site: <http://www.scdag.com/>. Information on sexual offenders may also be obtained at your local police department, or the Police Services Division.

#### **Sexual Assault Prevention and Response**

Pursuant to the Higher Education Amendments of 1992 (Public Law 102-325), generally referred to as the Sexual Assault Victim's Bill of Rights, it is important to promote the reporting of all sex-crime violations as well as to outline the procedures to facilitate the reporting of all alleged violations. Therefore, students, faculty, and staff are hereby informed of the following:

*Sexual Assault*--Sexual assault is generally defined as attempted or actual unwanted sexual activity (Sandler, 1993).

*"Forcible" and "Non-forcible" Sex Offenses*--A forcible sex offense is "any sexual act directed against another person, forcibly and/or against that person's will where the victim is incapable of giving consent, and includes forcible rape, forcible sodomy, sexual assault with an object and forcible fondling. Non-forcible sex offenses are acts of "unlawful, non-forcible sexual intercourse," and include incest and statutory rape. Depending on the circumstance, rape could be in either category.

*Procedures for Reporting an Offense*--In those instances where sexual assault is alleged, the victim is strongly encouraged to report the incident. The campus offices authorized to deal with sex-crime are the Vice President of Student Services, the Counseling Department, and the Southwest Tennessee Community College Police Services Division. By contacting one of these offices, the victim will be given specific information as to how to proceed to file formal charges against the accused. The Procedures for on-campus disciplinary action would be the same as those outline in the Student Handbook for any alleged violation of the Student Code of Conduct.

If you are a victim of a sexual offense:

- Get to a safe place.
- As soon as you feel safe, call the Police Services Division Office at your location or 911. Stay on the line and insure the dispatcher knows where you are calling from.
- Do not shower, douche, or change or destroy your clothes.
- Do not tidy up.
- Try to preserve the evidence of this crime.
- Do seek medical attention immediately

*If, after conferring with the student,* it is decided that a given incident is to be referred to the civil authorities, this action would then be pursued by the Southwest Tennessee Community College Police Services Division. It should be stressed that the preservation of evidence is critical for criminal prosecution.

## Police Services Division

### 2011 Campus Security Report

Students, faculty and staff are hereby advised that they have the option of pursuing their allegations either through the Vice President of Student Services under the Student Code of Conduct, or the Southwest Tennessee Community College Police Services Division in light of certain criminal and/or civil laws and requirements, or both. This does not constitute double jeopardy. Ultimately, it is the individual's option as to whether or not he/she wishes to pursue allegations by both authorities.

*Possible Sanctions*--Depending upon the severity of the incident, those persons found guilty of a sex crime would be subject to a range of penalties; e.g., suspension or dismissal from the College, as well as other sanctions outlined in the Student Handbook. In addition, if a given incident is found guilty, the typical range of sanctions available to a criminal court may also be imposed. Both the accused and the accuser are entitled to have others present during the campus disciplinary hearing. The outcome of the hearing will be made available to the accused and the accuser.

*Changing Academic Arrangement*--When appropriate, academic arrangements may be modified as the direct result of a sexual assault. This action may be taken when requested by the victim and if such modifications are reasonably available. These arrangements would be coordinated by the office of the Vice President of Student Services with appropriate instructional staff.

*Counseling Services*--Those students who have become victims of a sex-crime are eligible for and encouraged to take advantage of the counseling services offered by the Counseling Department at each campus. Referrals to other community support services will be made when appropriate.

*Sexual Harassment*—Southwest Tennessee Community College shall not tolerate any behavior, verbal or physical contact, by an administrator, supervisor, faculty, staff member, or student which constitutes sexual harassment of any employee or student.

# Southwest Tennessee Community College

## Police Services Division

### 2011 Campus Security Report

#### **The procedure for notifying the campus community of an immediate threat to health or safety**

The decision to notify the community is determined on a case- by- case basis. The initial recommendation is made by the Police / Public Safety Department. This recommendation can be made to any administrator, but it is typically made to the President or the Vice President of Finance and Operations. The person responsible for sending the official notification to the campus community includes, but not limited to, the Director of Police/Public Safety and the Director of Marketing and Communications. If the incident requires the larger community to be notified, information will be communicated via text [Rave-Alert], email, website, college phone system, and the media. In addition to Police/Public Safety notification, the local Police and /or Sheriff's Department are contacted to act in concert with the college Police/Public Safety department to maintain order, isolate buildings, and control situations so that the danger is contained. The Police/Public Safety Department will activate Emergency Notification by utilizing the campus telephone system, and/or dispatching officers by two-way radio or by runners to each affected area to make the appropriate notifications.

#### **Process used to communicate the confirmation of an emergency**

Confirmation of emergencies is generally communicated to the larger community by way of the Public Emergency Broadcast System. The college Police/Public Safety Department confirms and communicates emergencies based on observations, news media, information received and investigated, and the weather service in cases of dangerous weather. Again, this information is communicated by way of text [Rave-Alert], email, website, media, as well as the Siren/Air horn announcement System located throughout the campuses. The information can be disseminated to the larger community by news media as well as local law enforcement authorities. Our emergency response and evacuation system is tested semi-annually using marked drills at various campus locations.
