The Board also develops and approves system-wide policies, confers tenure and approves promotions in rank of faculty, prescribes curricula and requirements for diplomas and degrees, and approves the operating and capital budgets of each institution.

*Coordinating Board.* The Tennessee Board of Regents is one of two higher education systems in the state of Tennessee, the other being the University of Tennessee system. # Faculty

## Definition of Faculty

The Board of Regents sets forth a broad definition of faculty that includes regular full-time personnel whose regular assignments include instruction, research, and/or public service as a principal activity, and who hold academic rank as professor, associate professor, assistant professor or instructor. The term "faculty" may include, provided they hold academic rank, academic department or division chairpersons or directors, academic deans, academic vice presidents, and presidents, who have direct line authority over faculty as hereinabove described, and associates or assistants for the above positions. Adjunct faculty are not included in the definition of faculty. Institutions and schools may limit, but may not expand the scope of the TBR definition of faculty. See TBR Policy 5-02-01-00 for further information.

## Accreditation Standards

Teaching faculty members must be in compliance with the accreditation standards of the Commission on Colleges of the Southern Association of Colleges and Schools for their teaching fields. Also, faculty members must be in compliance with any programmatic accreditation standards that may apply to their particular teaching fields. The relevant teaching credential must have been granted by a regionally accredited college or university.

## Academic Freedom and Responsibility

The TBR recognizes the principle of academic freedom, pursuant to which:

The faculty member is entitled to freedom in the classroom in discussing his or her subject, being careful not to introduce into the teaching controversial matter which has no relation to the subject;

The faculty member is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his/her other academic duties; but research for pecuniary gain must be based upon an understanding with the authorities of the institution; and

The faculty member is a citizen, a member of a learned profession, and an officer of an educational institution. When the faculty member speaks or writes as a citizen, he/she should be free from institutional censorship or discipline, but his/her special position in the community imposes special obligations. As a man or woman of learning and an educational officer, he/she should remember that the public might judge the profession and the institution by the faculty member's utterances. Hence, a faculty member should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he/she does not speak for the institution.

The principles of academic freedom and responsibility here defined are applicable to full-time and adjunct faculty. Academic freedom is essential to fulfill the ultimate objectives of an educational institution – the free search for and exposition of truth – and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth, and academic freedom in teaching is fundamental for the protection of the rights of the faculty member in teaching and of the student to freedom in learning.

The right to academic freedom imposes upon the faculty an equal obligation to take appropriate professional action against faculty members who are derelict in discharging their professional responsibilities. The faculty member has an obligation to participate in tenure and promotion review of colleagues as specified in institutional policy. Thus, academic freedom and academic responsibility are interdependent, and academic tenure is adopted as a means to protect the former while promoting the latter. While academic tenure is essential for the protection of academic freedom, all faculty members, tenured or non-tenured, have an equal right to academic freedom and bear the same academic responsibilities implicit in that freedom.

## **Faculty Appointments**

Appointments to the Southwest Tennessee Community College faculty may be temporary, term, tenure-track, or tenured. Initial appointments will be made at any faculty rank for which the candidate is qualified.

*Temporary Appointments.* Temporary appointments are appointments made to meet a short-term staffing need. Temporary appointments are made for a single academic year, or portion thereof, and expire automatically at the end of that year.

*Term Appointments.* Term appointments are annual appointments made in the interest of a specific programmatic need of undetermined duration in the career programs. Term appointments are made for a single academic year and expire automatically at the end of that period. Such appointments may be renewed an unspecified number of times until the programmatic objective has been met or until permanent need has been established.

*Tenure-Track Appointments.* Tenure-track appointments are those that may lead to a positive recommendation for tenure upon successful completion of a probationary period. Tenure-track appointments may be terminated with proper notice during the probationary period. Where a term appointee is granted a tenure-track appointment, up to three years of service under the term appointment may be credited toward the tenure-track probationary period. A tenure-track faculty member may be granted annual tenure-track appointments for a maximum probationary period, which may not exceed seven years. Subject to an exception for special circumstances a tenure-track faculty member must serve a five years probationary period before being recommended for tenure. When a faculty member on a tenure-track appointment completes the sixth year of the probationary period, the faculty member will either be recommended for tenure by the president or will be given notice of non-renewal of the appointment following the seventh

year of service. Tenure is granted by the Tennessee Board of Regents upon the recommendation of the President and the Chancellor.

Please see TBR Policy 5:02:03:00 for further information regarding faculty appointments.

## **Academic Ranks and Titles**

The College recognizes and adheres to the traditional academic ranks and titles within the professorate. Faculty, as defined above, who meet the criteria specified in the College policy on “Academic Rank” may, therefore, be appointed or recommended for promotion to one of the following academic ranks: Instructor, Assistant Professor, Associate Professor, or Professor.

## **Unranked Faculty**

An unranked faculty member is a part-time or temporary employee of the College who has been assigned to teach one or more credit courses. During the specified period of appointment, such unranked faculty are assigned the title of adjunct professor and are not granted full faculty status.

## **Rank, Promotion and Tenure Criteria Applicable to Academic Administrative Officers of the College**

Academic administrative officers of the College may be assigned faculty rank based on the same qualifications as those that pertain to teaching faculty. Similarly, they may be promoted in rank and may be granted tenure pursuant to the same criteria that pertain to teaching faculty.

## **Tenure**

Tenure is a status pursuant to which faculty appointments for the academic year in an organizational unit (e.g., a department or division) or program of Southwest Tennessee Community College are continued until retirement or physical or mental disability, subject to dismissal for adequate cause or unavoidable termination on account of financial exigency or curricular reasons. Tenure is awarded only by positive action by the Board, pursuant to the requirements and procedures of this policy, at a specific institution. The awarding of tenure is a recognition of the merit of a faculty member and of the assumption that he/she would meet the long-term staffing needs of the department or program and the institution. The continued professional growth and development of faculty is necessary for institutions of higher education to continue to provide educational programs in accordance with the institution's mission, goals, and changing needs of the institution. Tenure is only awarded to those members of the faculty who have exhibited professional excellence and outstanding abilities sufficient to demonstrate that their future services and performances justify the degree of permanence afforded by academic tenure.

*Tenure Recommendations.* Recommendations for or against tenure should originate from the department or division in which the faculty member is assigned and should include appropriate participation in the recommendation by tenured faculty in the department or division. Institutional procedures shall ensure that peer committees have qualified privilege of academic confidentiality against disclosure of individual tenure votes unless there is evidence that casts doubt upon the integrity of the peer committee.

*Expiration of Tenure.* Tenure status shall expire upon retirement of the faculty member. Tenure shall also expire upon the event of permanent physical or mental inability of a faculty member, as established by an appropriate medical authority, to continue to perform his/her assigned duties.

*Termination of Tenure for Curricular Reasons.* The employment of a tenured faculty member may be terminated because (1) a program is deleted from the curriculum or (2) because of substantial and continued reduction of student enrollment in a field. A procedure of due process is defined within TBR Policy 5:02:03:00.

*Termination of Tenure for Reasons of Financial Exigency.* A tenured faculty member may be terminated as a result of financial exigency at an institution subject to Board declaration that such financial conditions exist. Personnel decisions (including those pertaining to tenured faculty) that result from a declaration of financial exigency at a Board of Regents institution will comply with the Board Policy on Financial Exigency (5:02:06:00)

*Termination for Adequate Cause.* TBR Policy 5:02:03:00 sets forth the conditions under which a faculty member may be terminated for adequate cause. The policy also explains how the faculty member will be afforded due process throughout the termination proceedings.

## **Notice of Intent to Terminate a Tenure-Track Appointment**

When the tenure-track appointment of a faculty member in the first probationary year shall be terminated at the end of that year, the faculty member must be notified thereof not later than April 1.

When the tenure track appointment of a faculty member in the second year of probation is to be terminated, the faculty member must be notified not later than January 1, and the termination shall not become effective until the end of the academic year.

When the tenure-track appointment of a faculty member in the third or subsequent year of probation is to be terminated, the faculty member must receive notice thereof not later than the close of the academic year, at least twelve months in advance of termination.

When a faculty member completes the sixth year of the probation, the faculty member must either be recommended for tenure or the appointment is automatically terminated at the end of the seventh year of service. Notice should be given not later than the final day of the sixth academic year.

Faculty members in tenure-track appointments shall not be terminated during an academic year except for reasons sufficient for the termination of tenured faculty.

The termination of a tenure-track appointment does not carry any implication that the faculty member's performance or conduct has been unsatisfactory. A faculty member whose tenure-track appointment has been terminated may request and must be given an oral statement of the reason or reasons for termination.

## **Promotion in Academic Rank**

Promotion in rank is a recognition of past achievement of the individual being considered for promotion. In addition, the advancement in rank is usually a recognition of future potential and a sign of confidence that the individual is capable of greater accomplishments and of assuming greater responsibilities. The policy of the Tennessee Board of Regents is to make promotions strictly on consideration of merit tempered by institutional and fiscal considerations.

All teaching faculty are expected to possess adequate teaching skills. However, candidates from the teaching faculty recommended for promotion should also be judged on the basis of their contributions to the institution in the public service area (including professional activities and applied research where applicable.)

If a faculty member plans to take authorized professional leave, he or she is responsible for making arrangements for the classes and having the arrangements approved by the department chair prior to requesting authorization for such leave.

A faculty member shall not routinely dismiss a scheduled class earlier than its scheduled duration. A faculty member may, however, for good cause occasionally dismiss a class earlier.

Each faculty member shall conduct class and maintain good order in a manner that is conducive to promoting an effective learning environment.

Each faculty member must provide a course syllabus to each student enrolled in his or her class. The syllabus should be distributed to students at the first or second scheduled class meeting but not later than at the third scheduled class meeting.

Each faculty is responsible for keeping records of student progress for determining final grades.

Each faculty member must submit final course grades and LDAs to the Records Office on time and in the prescribed format.

Copies of current syllabi must be filed with the department chair in keeping with the accreditation standards of the SACS Commission on Colleges.

Student examinations must be kept on file at least until the expiration of the term within which a student can file a grade appeal. (1 year). Grade books must be kept on file for five years as required by STCC Policy No. 2:00:00:00/22.

In order to foster student learning, students must be permitted to review exams, to be given the correct answers to exam questions, and to understand how the examination scores were computed.

During the fall and spring semesters, a faculty member is required to schedule and post an adequate number of office hours per week for the purpose of providing academic advisement to students. In addition, each faculty member is required to meet periodically with the department chair for an assessment of his or her progress and achievements.

## Faculty Workload

The academic year consists of the fall and spring semesters and begins on August 15 and ends on May 15 of the subsequent calendar year. The fiscal work year begins on July 1 and ends on June 30 of the subsequent calendar year. Faculty on an academic year contract are expected to teach a total of 30 semester hours each academic year, usually distributed 15 hours per fall term and spring terms. Faculty on a fiscal year contract are expected to teach 38 semester hours, usually 8 in the summer and 15 per fall and spring terms. According to TBR General Personnel Policy (5:01:00:00) faculty on an academic year appointment are subject to call for duty during the specified academic year regardless of whether classes are in session.

*Summer School.* All full-time faculty on academic year appointments are eligible to teach during the summer term for extra compensation. Summer teaching by nine-month faculty depends upon budgetary considerations, student need for particular courses and programs of courses. Pursuant to TBR policy No 5:02:04:10, summer teaching by regular academic year faculty is compensated at the rate of 1/32 of their academic year salary per semester hour of teaching load. The maximum summer and intersession pay may not exceed 25 percent of the preceding academic year salary; however, except as needs are determined by the institution, a faculty member may teach and be compensated for nine semester hours for the summer term.

*Teaching Overloads.* Faculty may be assigned to teach an overload for extra compensation only in unusual and emergency situations when other qualified faculty are unavailable or time does not permit their recruitment and employment. In these cases, prior approval of the Provost is required. TBR Policy 5:01:05:00 sets the maximum rates per credit hour of instruction for calculating compensation for extra service for full-time faculty or staff teaching credit courses at colleges or universities. Presidents or their designees may approve exceptions to these rates when circumstances warrant. At Southwest, the pay rate for overload depends on faculty rank as follows:

<u>Rank</u>	<u>Overload Rate ( Per Credit Hr)</u>
Professor	\$465
Associate Professor	\$450
Assistant Professor	\$435
Instructor	\$420

TCA 49-5-410 limits full-time faculty members to teaching no more than two credit courses per semester for extra pay in an institution of higher education.

Example: A faculty member is asked to teach three sections of a course for extra pay for one semester after a colleague is suddenly forced to take medical leave. Can this

exception be approved? No. This regulation is in statute and does not provide for exceptions.

## **Faculty Development**

The continued professional growth and development of faculty is necessary for Southwest Tennessee Community College to continue to provide educational programs which: (a) include new developments and knowledge in academic disciplines; (b) reflect new instructional, research, and public service techniques and strategies; and (c) meet changing needs and expectations of students. While all faculty are responsible for their own continued professional development, it is essential that the College provide planned, organized faculty development programs to encourage professional growth in accordance with their missions and goals.

In order to promote faculty development, Southwest Tennessee Community College to the extent permitted by fiscal constraints will a) assist faculty with travel to professional meetings, b) encourage faculty to utilize the PC-191 program to take college courses, c) support for research and other creative activities related to the discipline in which one teaches, d) offer grants-in-aid and scholarships in support of graduate study, and e) sponsor local forums, lectures, and workshops on scholarly developments and technological improvements.

## **Faculty Evaluation**

Evaluation is a continuous process designed to improve the performance of those being evaluated. Like all College employees, faculty will be evaluated annually by their immediate supervisor.

At the beginning of the fall semester, the faculty member will submit a Faculty Development Plan (FDP) to the supervisor for approval. The plan should be consistent with the strategic goals of the College, division, and department and should primarily focus on the non-routine achievements projected to be accomplished during the academic year. It recognized that unforeseen circumstances may prevent faculty from attaining the planned objectives or opportunities for improvement may arise during the year that supercede the planned objectives. Therefore, faculty will have an opportunity to revise their FDP to reflect actual accomplishments and explain unattainable objectives.

At the end of the academic year, the department chair will evaluate faculty using the Faculty Evaluation Summary (FES) form. The FES includes five areas: 1) assignments, duties, and responsibilities, 2) college service (including department, division, and public), 3) professional development, 4) overall evaluation, and 5) progress toward promotion and tenure (if applicable). The "Department Chair Job Performance Check List of Faculty" is included as part of the faculty evaluation procedure to be completed by the department chair.

◆ **The forms to be used in the faculty development and evaluation process may be found in the Appendix.**

## **Faculty Grievances and Complaints**

Grievance and complaint procedures are available to all employees. Faculty are encouraged to discuss any problems with the supervisor prior to utilizing a formal grievance/complaint procedures.

Complaints and grievance procedures have no application to a termination procedure initiated against a tenured faculty member under TBR Policy No. 5:02:03:00, Section III 1 6 (d) or when resolving a complaint initiated pursuant to TBR Policy No. 5:02:02:00 (Faculty Promotion).

A faculty member may not file a formal grievance or complaint related to personnel actions regarding 1) performance evaluation; 1) supervisory counseling; 2) disciplinary warnings, 3) rates of pay; 4) position reclassifications; and 5) position terminations due to reduction in force.

Faculty may file a grievance pertaining to the 1) suspension of tenured faculty; 2) allegedly violates institution or TBR policy or involves an inconsistent application of these same policies, 3) allegedly violates state or federal discrimination statutes in that the adverse action is based solely on race, sex, religion, national origin, age, handicap, or veteran status, or 4) allegedly violates any constitutional right. The most likely areas of concern are the First, Fourth, or Fourteenth Amendments of the federal constitution when that action hampers free speech, freedom of religion, the right to association, provides for improper search and seizure, or denies constitutionally required notice or procedures. Grievances may be reviewed by a committee established by the President if satisfactory resolution is not reached in discussions with the faculty member's immediate supervisor and next higher supervisor.

A complaint is a concern that an employee wants to discuss with supervisory personnel in an effort to resolve the matter. While any item may be subject to an informal complaint, only those items listed above may be the subject of a grievance. Complaints must follow the chain of command, and a committee review is not applicable. Also, complaints do not include a right to any type of hearing, adversarial proceeding, or the right to appeal to the Chancellor.

Detailed procedures for handling grievances and complaints are set forth in Southwest Tennessee Community College policy 5:02:03:00/30.

## **Procedures for Hiring Faculty**

Southwest Tennessee Community College is committed to Equal Employment Opportunity and Affirmative Action in its recruitment and employment practices. The College is similarly committed to hiring and retaining faculty who have distinguished themselves by their excellence in teaching and show promise of continuing to do so.

After the position has been approved for filling and advertised, the applications will be

screened by the Director of Human Resources to establish the pool of qualified applicants after the closing date. The Director of Human Resources will forward the applicant pool to the Affirmative Action Officer for approval.

Upon the approval of the Affirmative Action Officer, the Chairperson of the Selection Committee will convene with other members of the Selection Committee to review the applications to determine the applicants to be considered for an interview. The interview pool must be forwarded to the Director of Human Resources and the Affirmative Action Officer for approval prior to interviewing any applicants.

All appointments of ranked faculty are made by the President on the recommendation of the chief academic officer. In making his or her recommendation, the chief academic officer shall consult with the faculty of the department, the department chair, and the respective dean.

The President is the only individual who can make an offer of employment. The successful candidate will be notified of the offer of employment by the Director of Human Resources by telephone or letter after submission of the Recommendation to Hire form has been submitted.

Emergency appointments, as defined by the President, may be filled by direct hire or through the establishment of a pool of qualified applicants from applications on file or through other appropriate means. Emergency appointments may not exceed one year, at which time the position must be advertised and filled competitively. Individuals serving temporary or emergency appointments are not eligible for internal promotion, transfer, or for consideration as internal applicants unless it is determined by the Affirmative Action Officer that the original hire was through a competitive process.

## **Professional Ethics**

Southwest Tennessee Community College endorses and requires faculty adherence to the "Statement of Professional Ethics" set forth by the American Association of University Professors. The statement which follows, a revision of a statement originally adopted in 1966, was approved by the Association's Committee on Professional Ethics, adopted by the Association's Council in June 1987, and endorsed by the Seventy-third Annual Meeting.

1. Professors, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed upon them. Their primary responsibility to their subject is to seek and to state the truth as they see it. To this end professors devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although professors may follow subsidiary interests, these interests must never seriously hamper or compromise their freedom of inquiry.

2. As teachers, professors encourage the free pursuit of learning in their students. They hold before them the best scholarly and ethical standards of their discipline. Professors demonstrate respect for students as individuals and adhere to their proper roles as intellectual guides and counselors. Professors make every reasonable effort to foster honest academic conduct and to ensure that their evaluations of students reflect each student's true merit. They respect the confidential nature of the relationship between professor and student. They avoid any exploitation, harassment, or discriminatory treatment of students. They acknowledge significant academic or scholarly assistance from them. They protect their academic freedom.

3. As colleagues, professors have obligations that derive from common membership in the community of scholars. Professors do not discriminate against or harass colleagues. They respect and defend the free inquiry of associates. In the exchange of criticism and ideas professors show due respect for the opinions of others. Professors acknowledge academic debt and strive to be objective in their professional judgment of colleagues. Professors accept their share of faculty responsibilities for the governance of their institution.

4. As members of an academic institution, professors seek above all to be effective teachers and scholars. Although professors observe the stated regulations of the institution, provided the regulations do not contravene academic freedom, they maintain their right to criticize and seek revision. Professors give due regard to their paramount responsibilities within the institution in determining the amount and character of work done outside it. When considering the interruption or termination of their service, professors recognize the effect of their decision upon the program of the institution and give due notice of their intentions.

5. As members of their community, professors have the rights and obligations of other citizens. Professors measure the urgency of these obligations in the light of their responsibilities to their subject, to their students, to their profession, and to their institution. When they speak or act as private persons, they avoid creating the impression of speaking or acting for their college or university. As citizens engaged in a profession that depends upon freedom for its health and integrity, professors have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

## **Professor Emeritus**

Faculty having served an institution governed by the Tennessee Board of Regents for a sufficient length of time to be eligible for state retirement benefits shall be eligible for emeritus faculty status upon retirement from the institution. Emeritus faculty status is an honor bestowed for distinguished institutional services. Designation as emeritus faculty shall be at presidential discretion.

Emeritus faculty shall be entitled to such privileges and benefits, other than monetary compensation, as their institution designates insofar as such privileges and benefits are within the limits of the institution's discretionary authority. Such privileges and benefits may include an identification card designating the holder as emeritus faculty and entitling the holder access to certain institution facilities and services commonly available to faculty. The privileges and benefits carry with them the same responsibilities as for regular faculty.

## **Outside Employment (TBR Policy No. 5:01:05:00)**

In general, faculty members should receive permission from their supervisors prior to engaging in outside employment. The President can only approve outside employment for efforts that 1) do not interfere with assigned duties and responsibilities or with regular institutional operations; 2) are consistent with the state statute that limits faculty members to teaching no more than two credit courses for extra pay at any higher education institution, 3) do not constitute a conflict of interest or compete with the College's programs, 4) require only a reasonable time commitment from the employee, and 5) are not undertaken with an inappropriate claim that the individual is officially representing the institution in connection with the employment

This policy applies only to work completed in addition to the individual's full-time job responsibilities. The policy does *not* apply

To normal, short term professional activities such as participation in symposia, accreditation visits, speaking engagements, exhibitions, or recitals, even though honoraria may be received for such participation;

When the individual is not within the term of his or her contract period, or is on leave;

To salaries paid to academic-year faculty for teaching in inter-session and summer session, which are not considered extra compensation

Example: A faculty member requests permission to teach a credit course at a private college located near his TBR institution. Is this permissible? The President must determine whether or not this creates a conflict of interest for the TBR institution.

Example: An accounting faculty member requests permission to start a small accounting business, with all work being completed on weekends. Is this permissible? Generally yes, although the President must determine what is "reasonable."

Example: An accounting professor solicits clients for his weekend accounting business using his College business cards. Is this appropriate? No. This would lead prospective customers to believe that the accounting business is under the auspices of the university.

If the employment involves other agencies, departments, or institutions of State government, it is subject to prior approval of the President, Director, or appropriate representative of the other agency, department, or institution. Services rendered by a TBR employee to another state agency or institution of higher education will be paid by the contracting agency to the institution pursuant to TBR Guideline G-030.

# Academic Policies and Procedures

## Curriculum Review and Development

### Curriculum Review –

All full-time faculty are responsible for the continuous review of curriculum to ensure that it is current, it meets or exceeds the standards of good practice, it is consistent with the mission of the College, and it complies with the approved objectives of the Department wherein it best fits.

The chief academic officer of the College is responsible for periodically conducting review and evaluations of the curriculum. In the exercise of that responsibility, he or she will solicit advice from the faculty, department heads and deans. However, at the College, the final authority for formally evaluating the effectiveness of the curriculum resides with the Chief Academic Officer.

### Curriculum Development –

1. All courses, other than those identified by the College as developmental/remedial, offered by the College for credit must be acceptable as requirements or electives applicable to at least one of the College's degree or certificate programs or must be clearly identified on transcripts as not applicable to any of Southwest's own degree or certificate programs.
2. Curriculum additions, deletions, and revisions originate at the departmental level. Faculty members, department heads, administrators, and other interested parties may initiate such recommendations. These recommendations should receive endorsement of departmental faculty, the department head, division Curriculum Committee, and the division Dean prior to being submitted to the College Curriculum Committee for its review.
3. The College Curriculum Committee submits its recommendations to the chief academic officer for final approval prior to being added to the College Course Inventory File.

Curriculum forms are available on the College's website at <http://internal.stcc.tn.edu/curriculum>.

## General Education

Southwest Tennessee Community College programs seek to develop the whole person. In support of this philosophy, all general education courses are designed to improve student learning by focusing on four common student outcomes and developing specific competencies.

The four common student outcomes are critical thinking, communication, responsibility,

and diversity/globalism. More information on the general education program can be found in the current Bulletin.

## **Classroom Management**

*Class Attendance.* According to STCC Policy No. 2:03:00:00/33, students are expected to attend class regularly and punctually. Students participating in College sponsored activities may be officially excused from class attendance by the Dean of Students. Instructors may include attendance as a factor in calculating a student's final grade. In such cases, the instructor's policy will be clearly stated in the course syllabus, which is distributed at the beginning of the term.

Regardless of the reason or nature of an absence, students are responsible for all materials covered by the instructor during the absence and for timely submission of any assignments that the instructor may have given. It is the responsibility of the student to be aware of all assignments. For reasonable and good cause, an instructor may, at his or her discretion, allow a student to submit assignments late and to make up any work that may have been missed because of an absence. Failure to attend class or discontinued class attendance may result in a grade of "F" for the course. Students are advised to consult the college's policy on "Withdrawal from Class."

### *Schedule Changes:*

**Adding Courses.** Once a student has officially registered for courses in a particular term, he or she may make adjustments to his or her course load by adding additional courses, dropping courses, and withdrawing from courses. The official Add period is defined as the first 7 calendar days of a semester or the first 4 calendar days of a summer term beginning with the first day of classes.

**Dropping Courses.** A student may be permitted to drop a course through the first 7 calendar days of a semester or the first 4 calendar days of a summer term beginning with the first day of classes. A student will not receive a grade, and course will not appear on his or her official record when dropped during this period. After this period dropping a class during the time up to, and including, the last day to drop will result in "W" on the permanent record for the classes dropped.

**Withdrawing from Courses.** A student who officially withdraws from a course within the designated period will receive a grade of "W" for the course. If a student wishes to withdraw from the College, he/she must complete a *Request to Withdraw* form, have it approved by the academic advisor, and submit it to the Records Office.

**Academic Misconduct.** According to STCC Policy No. 3:02:00:01/6, plagiarism, cheating and other forms of academic dishonesty are prohibited. A student guilty of academic misconduct, either directly or indirectly through participation or assistance, is immediately responsible to the instructor of the class. In addition to other possible disciplinary sanctions that may be imposed through the regular College procedures as a

result of academic misconduct, the instructor has the authority to assign an “F” or a zero for the exercise or examination, or to assign an “F” in the course.

The faculty member who charges a student with academic misconduct must report the incident, including all pertinent facts to his or her Department Chairperson, within five (5) work days after the charge has been made stating what action he or she has taken according to paragraph (B) of this rule, (actions which can be taken when one is found guilty of academic misconduct). If the student files a grievance, the faculty member’s report will be reviewed by the Academic Appeals Committee.

***Classroom Misconduct.*** According to STCC Policy No 3:02:00:01/7, the instructor has the primary responsibility for control over classroom behavior and the maintenance of academic integrity and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct that violates the general rules and regulations of the College. Extended or permanent exclusion can be affected only through appropriate procedures of the College.

***Classroom Visitors.*** Policy No: 2:03:00:00/34 stipulates that except in emergencies involving the health and safety of those present, faculty will not allow visitors into a classroom, laboratory, or other instructional facility while class is in progress. Only bona fide Southwest Tennessee Community College students and guests of the instructor who are invited for legitimate purposes of instruction may attend classes. A bona fide student is one who has been admitted to the college and is officially registered for the class. This is intended to exclude children of faculty and enrolled students, salespersons of books and supplies, and any other unauthorized individuals from visiting classes. No faculty member is authorized to make an exception to this policy without prior approval of the respective department head

***Eating, Drinking, and Smoking.*** These activities are prohibited in classrooms in order to maintain sanitary and pleasant surroundings.

***Grade Books.*** As stated in STCC Policy No. 2:00:00:00/22 grades and grade books are an essential part of the academic process. In order to maintain an accurate history of student attendance and achievement in a course, faculty must use a grade book. At the end of the semester, a copy of the grade book, last date of attendance sheets, copies of final grade runners, a copy of the syllabus, and an explanation of how grades were derived should be submitted to the department office. These records should be kept on file in the department office for five (5) years. Individual departments may also require that faculty keep copies of student tests and research papers for a period of one year.

***Class Rolls.*** The first class roll lists students who enroll in a class during the early or regular registration period. This roll will not represent the final or official enrollment in any class. A revised and official class roll is produced and distributed at the close of the last day to register. When the roll is received, any student who is attending class but not on the roll should be directed to the Records Office. The student must not be permitted to continue in the class until he or she presents written documentation of enrollment from the Records Office.

**Grading System.** Only institutionally approved grades and marks may be used by the faculty.

<u>Grade</u>	<u>Description</u>	<u>Quality Points</u>	<u>Counted in GPA?</u>
A	Excellent	4	Yes
B	Good	3	Yes
C	Average	2	Yes
D	Poor	1	Yes
F	Unsatisfactory	0	Yes
W	Withdrawal	0	No
WD*	Approved Withdrawal	0	No
I	Incomplete	0	No
N*	In Progress	0	No
P	Pass	0	No
U**	Unsatisfactory	0	No

\* Developmental Studies Courses Only

\*\* Designated Courses Only

An “I” grade is given to a student who is passing but is prevented by documented extraordinary circumstances from completing a course on schedule. The instructor of record determines whether or not such circumstances pertain. The “I” grade becomes an “F” if the work is not completed by the end of four weeks into the next semester (not including summer).

Only the instructor of record may change an officially posted grade. Any exception must have the endorsement of the Department Head, Dean, and the Chief Academic Officer.

## **Final Examination Schedule and Grades**

The dates for final examinations are published annually in the official College calendar. Faculty must observe the published schedule in administering final exams unless approved in advance by the department chair and dean. Make-up exams are given at the discretion of the instructor. If a student misses the final examination, a grade of “I” may be assigned at the discretion of the instructor,

Full-time faculty are expected to enter final grades using the Web For Faculty available on the STCC internal website. Faculty members must obtain a PIN number from the official indicated on the Web Page.

Final grades may be posted outside the classroom at the end of the semester or term but, in the interest of privacy, they should not be posted using the student’s name, social security number, or other designation through which the student may be identified. In general, students should be encouraged to use Web for Students to obtain their course grades.

## **Course Grade Appeals**

STCC Policy No. 2:03:01:01/11 recognizes the instructor's right to assign a grade based on any method that is professionally acceptable, submitted in writing as a part of the class syllabus to everyone in the class, and applied equally to all members of the class.

Students have the right to review their examinations and assignments, to know the correct answers to test and examination questions, and to understand how grades were assigned. In matters of interpretation, however, the judgment of the faculty member as the professional in the discipline shall prevail. Should instances arise in which a student has evidence that a mistake has been made in calculating or recording his/her grade or that his/her grade has been assigned based on arbitrary or capricious deviation from the instructor's stated grading policy, he/she has the right to appeal the assigned grade. This includes:

The assignment of a course grade to a student on some basis other than performance in the course;

The assignment of a course grade to a student by resorting to standards different from those which were applied to other students in the class; or

The assignment of a course grade by an unannounced departure from the instructor's previously articulated standards. (Factual and computational errors are included in this definition).

The burden of proof rests with the student.

## **Auditing Classes**

An audit student is one who enrolls in credit classes on a non-credit basis. An audit student is expected to attend class but is not required to hand in assignments or take examinations. The student must demonstrate that prerequisites have been met, that sufficient prior knowledge exists to warrant auditing the course, or that there is a compelling reason to justify auditing the course. Registration for an audit may not be converted to credit at a later date. Registration for credit may not be converted to audit at a later date.

Registration for audit can be accomplished only during the late registration period and will be allowed on a space available basis. All audit students must have the approval of the academic dean of the area in which the course is offered before registering. (STCC Policy No. 2:03:00:00/8).

## **Academic Advising**

Faculty members are expected to advise students as part of their workload. The Center of Academic Advising and Counseling assigns a faculty advisor to each student upon enrollment in the College, upon declaring a major or being admitted to a particular program of study. The student will usually be reassigned to an advisor from his or her discipline. Advisors assist students in planning programs and selecting courses prior to

registration. Students have the ultimate responsibility for correct scheduling and non-duplication of course work. Advisors are full-time faculty members and maintain regularly scheduled office hours.

Faculty should consult the Academic Advising Manual for procedures.

### **COMPASS/ASSET Test**

The COMPASS/ASSET test is designed to assess the student's level of preparedness for college-level classes. Additionally, the results are used to assist academic advisors in placing students in appropriate college courses. All students 21 years of age or older and those under age 21 who do not meet minimum ACT requirements are required to take all or parts of the placement test.

### **Student Academic Success Seminar (ACAD 1100 )**

This course is required for all first-time, full-time, degree seeking STCC students. This seminar is designed to assist students in making the transition to college during the freshman year. Students are introduced to college functions and resources. Additionally the student receives survival skills necessary to prepare for career preparation, academic expectations, time management, test anxiety, and life outside the classroom as well as personal values and relationships. Although this course is not required of all students, it is highly recommended that new students register for the course.

### **Academic Honors and Awards**

The college has established a number of academic honors and awards recognizing those who have distinguished themselves by outstanding academic achievement.

**Dean's List.** At the end of each term, a Dean's List is compiled recognizing those students who have distinguished themselves by an outstanding record of academic achievement for the semester just ended. To qualify for the Dean's List, a student must have completed at least 12 credit hours of college-level courses during the term and earned a GPA of 3.00 or higher with no grade of "F". This accomplishment will be noted on their permanent academic record.

**Commencement Academic Honors.** Academic Honors are bestowed on students at graduation who earn the associates degree, in recognition of outstanding academic performance. Three levels of distinction are recognized: Summa Cum Laude, Magna Cum Laude, and Cum Laude. In order to graduate with the distinction of Summa Cum Laude, the student must have maintained a cumulative GPA of 3.90 to 4.00. The degree is conferred Magna Cum Laude on students who have earned a cumulative GPA of 3.60 to 3.89. Finally, students who earn a cumulative GPA of 3.35 to 3.59 are graduated Cum Laude. Academic honors are engraved on the recipient's diploma, noted in the commencement program, and posted on the student's permanent academic record.

**Honors Program.** The College maintains an active Honors Program. Special courses and activities are developed for advanced students. Students who would like to

participate in the Honors Program may contact the director and make application. There are three categories of admission to the Honors Program: continuing students, part-time students and graduating high school seniors. All participants must have a 3.0 cumulative GPA. Continuing students must have completed all developmental studies requirements. Part-time students, in addition to having completed developmental studies requirements, must have completed at least 12 college-level credit hours of study. High school students must have an ACT of 21 or better. All high school valedictorians and salutatorians are eligible to participate in the Honors Program. To graduate with an Honors Degree, a student must complete a minimum of 15 hours with Honors credit, including HONR 1110. ENGL 2760 is required of students who pursue AA or AS Degrees and expect to transfer.

**Honor Societies.** Honor societies are national organizations dedicated to the promotion of excellence in academic pursuits, leadership development, and service to community. In support of these endeavors, Southwest Tennessee Community College maintains an active chapter of Phi Theta Kappa. The chapter requires that students have a 3.5 cumulative grade point average on at least 12 hours to be eligible for induction, have demonstrated leadership ability, and have a record of service to community and neighbor. A student must maintain a GPA of 3.25 to maintain membership. Phi Theta Kappa gold stoles may be worn during the graduation ceremony.

**The Honors Degree:** To graduate with an honors degree, a student must complete a minimum of 15 hours with Honors credit, including HONR 11110. Other credits can be gained through either honors courses or contracted honors.

## **Distance Learning**

Southwest Tennessee Community College offers access to higher education through the World Wide Web (WWW) and broadcast television. These distance learning technologies provide students alternatives to the traditional classroom schedule, location and pace. Distance learning courses offer the same instructional outcomes delivered through a different medium. For students who are independent learners and who have access to the World Wide Web and/or cable television, distance learning courses are ideal. Working adults, employees who travel, persons with disabilities, the homebound, those with long commutes, schedule conflicts or other barriers to college attendance are a few of the many who can benefit from distance learning.

### **Online Courses**

STCC offers a wide array of college credit courses through the World Wide Web (WWW). Online courses require students to have access to a personal computer equipped for the web and the skills to use it. Students working from home will need a personal computer, connection to the web by a reliable Internet Service Provider (ISP) and Internet Explorer 4.0 or higher as their web browser. A personal e-mail account is also required. In addition, some courses will require students to have specific software applications or utilities installed. See course descriptions or contact the instructor for specific software requirements. Before registering for online courses, students must complete the online orientation at <http://ww2.stcc.tn.edu>, obtain a permit to register and have it signed by an

advisor. You can then register by fax, mail, TRAVIS (901-333-4734) or in person. A copy of the registration form can be printed from the site above.

### **Regents Online Degree Program**

STCC is a participant in the statewide Regents Online Degree Program (RODP). The RODP offers degrees and courses to any interested student with reliable access to the Internet. STCC will offer courses leading to the following degrees:

- Associate of Arts
- Associate of Science
- Associate of Applied Science in Professional Studies with a concentration in Information Technology

These associate degrees will be totally transferable into the RODP Bachelor 's degrees offered by six Tennessee Board of Regents universities. Additional information including a list of courses and corresponding syllabi, system requirements, fees, an online learning orientation and other information may be found on the web page for this online learning program:

<http://www.tn.regentsdegrees.org>. Students interested in registering for these courses at STCC would go to the following web address:

<http://ww2.stcc.cc.tn.us/rodp/>.

### **Telecourses**

STCC provides college-credit courses delivered by cable television. Telecourse students view content broadcasts complete textbook readings and assignments. Telecourses are broadcast on Memphis Cablevision and from the Germantown High School studio. Students must have access to cable television or be able to view tapes of the broadcast at STCC telecourse locations. Students enrolled in telecourses are required to attend an orientation session on campus at the beginning of each semester. At the orientation, they will receive the viewing schedules and class information as well as review and exam dates. Orientation schedules will be published in the STCC semester course bulletin. The orientation counts as the first class meeting with the instructor. During the semester, telecourse students will come on campus for review sessions, tests, and the final exam. A viewing schedule and other telecourse information can be found at <http://ww2.stcc.tn.edu>.

# Leave and Fringe Benefits

## Leaves for Faculty

Faculty can request leave for various circumstances as defined by the policies of Southwest Tennessee Community College and the Tennessee Board of Regents. All leave requests must be approved by the appropriate authority.

### **Leave without Pay.**

*Adoptive Parents.* This leave provides for a period of up to four months to allow the faculty member to bond with an adopted child. The request for leave must be accompanied by a statement from the adoption agency indicating the required bonding period. During the four-month period, faculty may use sick leave for up to 30 working days provided their sick leave balances are not exceeded. If both parents are State employees, the aggregate amount of sick leave that may be used by both parents is 30 working days. Refer to TBR Leave of Absence Policy 5:01:01:03 regarding continuation of insurance coverage for employees on unpaid leave of absence.

*Leave of Absence.* Leaves of absence may be granted for approved, unpaid time off to regular employees due to reasons of illness or injury, or disability of an employee who has insufficient accumulated annual and/or sick leave, leave for educational purposes and leave for justifiable personal reasons. Leave of absence without pay, not to exceed one (1) year, may be granted for justifiable absences. Such leave must be approved by the President or designee, and any additional leave must be approved by the Chancellor upon the recommendation of the President. In addition, an employee who is on an unpaid leave of absence which does not qualify as leave under the Family and Medical Leave Act shall be responsible for paying both the employee and employer portion of insurance premiums. Furthermore, an employee retains accumulated annual and sick leave, but does not earn or accrue additional annual or sick leave.

### **Leave with Pay.**

*Military Leave.* All employees who are members of any reserve component of the armed forces of the United States or of the Tennessee National Guard shall be entitled to a leave of absence from their duties for all periods of military service during which they are engaged in the performance of duty or training in the service of this State, or of the United States. Each employee who is on military leave shall be paid his or her salary or compensation for a period, or periods, not exceeding fifteen (15) working days in any one (1) calendar year. Employees are entitled to

additional paid leave if called to active duty pursuant to T.C.A. § 58-1-106.

*Civil Leave.* An employee shall be granted civil leave when, in obedience to a subpoena or direction by proper authority, the employee appears as witness for the Federal government, the State of Tennessee, or a political subdivision of the State, or when it is necessary to attend any court in connection with official duties or serve on a jury in any State or Federal Court. The employee shall retain all compensation or fees received as a witness or juror. The employee may be required to provide a statement from the court which includes dates and times of service and any compensation received. Employees involved in personal litigation, or who serve as witnesses in private litigation, shall be charged with annual leave or leave without pay.

*Sick Leave.* Sick leave is intended to meet the legitimate health needs of employees who were absent from the work place due to illness. Faculty, even though their work assignments often require variable schedules both day and evening as well as assignments which include a wide variety of activities -- classes, office hours, committee assignments, research in laboratories and libraries, etc. -- are, nevertheless, subject to sick leave policy in a very specific and direct way. The charging of sick leave for time away from work by a faculty member due to legitimate health reasons is not a penalty; sick leave was instituted by the State Board of Regents to cover just such absences. It is the responsibility of each faculty member to report his or her sick leave to the appropriate authority. As a general guideline, all faculty have responsibilities Monday through Friday for a minimum of 37.5 hours of any week in which the institution is in session. Any daylong absence during the regular workweek due to illness should be charged to the faculty member as sick leave at the rate of 7.5 hours per day. Arrangements to cover a class either by the faculty member or the institution do not mitigate the fact that the faculty member was away from his or her work assignment and sick leave should be charged accordingly. If a faculty member is absent from his or her work assignment for part of a day, he or she should discuss the appropriate sick leave time to be charged with his or her department chair, dean, or immediate supervisor. (Ref: TBR Guideline P-062)

An employee may be required to present evidence in the form of personal affidavits, physician's certificates, or other testimonials in support of the reason for sick leave upon request of his or her supervisor or an appropriate approving authority. Sick leave may not be denied where an employee furnishes an acceptable statement from a licensed physician. Regular full-time personnel and full-time academic personnel, whether employed on a twelve-month or nine-month service basis, shall accrue sick leave at the rate of 7.5 hours (1 day) for each month of actual service. Regular nine-month academic personnel shall accrue 67.5 hours (9 days) of sick leave for full-time employment for a full academic year and 22.5

hours (3 days) of sick leave for full-time employment throughout summer sessions.

*Annual Leave.* Twelve-month faculty are eligible to accrue annual leave. Nine, ten, and eleven-month faculty shall not be eligible to accrue annual leave. All personnel entitled to accrue annual leave may request use of annual leave at any time preferred by application to their proper approving authority. Such requests are subject to the discretion of the approving authority, who is responsible for planning the work under his or her control, and should be approved only at such times as the employee can best be spared. The rate of annual leave accrual depends upon the faculty member's length of service. Please refer to TBR Policy 5:01:01:01 for further information.

*Family and Medical Leave.* In compliance with the Family Leave Act of 1993, it is the policy of the Tennessee Board of Regents to provide eligible male and female employees up to twelve workweeks of leave during a twelve month period for specified family and medical reasons, to provide continued health insurance coverage during the leave period and to insure employee reinstatement to the same or an equivalent position following the leave period. Spouses who are both employees of the State are limited to a combined total of twelve weeks. In order to be considered "eligible" under Family Medical Leave Act (FMLA or the Act) guidelines, an employee must have worked for the State for at least 12 months.

FMLA Qualifying Events:

The birth of a son/daughter and to care for the newborn child;

The adoptive or foster care placement of a son or daughter with the employee;

To care for the employee's spouse, son, daughter, or parent with a serious health condition;

The employee has a serious health condition resulting in his/her inability to perform job functions.

For the duration of FMLA leave, the institution is required to maintain an employee's health coverage under the State Group Insurance Plan under the same conditions coverage would have been provided if the employee had continued working. For further information, please consult TBR Policy 5:01:01:14 (Family and Medical Leave).

*Maternity Leave.* Maternity leave is covered under FMLA leave, if the faculty member has been employed for one year. Please consult TBR Policy No. 5:01:01:08 (Maternity Leave) for further information.

*Paternity Leave.* Paternity leave is covered under FMLA leave. Please consult TBR Policy No. 5:01:01:16 (Paternity Leave) for further information.

*Bereavement Leave.* According to TBR Policy No. 5:01:01:09, an employee who is absent during his/her regularly scheduled work week due to the death of an immediate family member shall receive payment for reasonable and customary days absent, such days of payment not to exceed three (3) regularly scheduled work days. Immediate family shall be deemed to include 1) spouse; 2) child, stepchild; 3) parent, stepparent, foster parent, parent-in-law; 4) sibling(s); and 5) grandparents and grandchildren. In addition to the three (3) regularly scheduled workdays, sick leave not to exceed two (2) days may be granted at the discretion of the appropriate approving authority in the instance of death of one of the immediate family members listed above

*Educational Leave.* It is the policy of the Tennessee Board of Regents to provide time off to regular TBR employees to continue their education with advance approval from the president. Each request for leave will be evaluated on its own merits and approval will depend upon the evidence provided as to the enhancement of the employee's value to the institution resulting from the leave. Leave of absence for periods exceeding one (1) year may be granted upon recommendation of the president and approved by the Chancellor. If the leave is without pay, faculty are eligible to continue their participation in the group medical/life insurance program. If they elect continuation of coverage, employees must pay both the employee and employer share of the premium. Employees on leave without pay are not eligible for unemployment benefits longevity benefits, and they do not accrue sick leave. Please consult TBR Policy 5:01:01:13 (Educational Leave) for further information.

## **Longevity Pay**

Upon completion of three years of service, faculty members shall receive longevity pay at an established rate for each year of creditable service up to the maximum provided by law, currently set at 25 years. The rate per year of service is established annually by the Legislature. See TBR Guideline P-120 for further information.

## **Retirement**

All full-time faculty and permanent employees of the College are eligible for membership in the Tennessee Consolidated Retirement System. Part-time faculty members are not eligible to participate in the state system. Employees who are members of the Tennessee Consolidated Retirement System are eligible to retire upon attainment of age sixty (60) or upon completion of thirty (30) years of creditable service. Alternate retirement plans, including TIAA-CREF, AETNA, and VALIC, are also available. Details of these plans can be obtained from the Office of Human Resources.

## **Grant-in-Aid**

Any full-time professional employee who has been employed by the College for two or more years may be eligible for a grant-in-aid for working toward a doctoral or otherwise terminal degree. Requests should be channeled through the immediate supervisor to the chief academic officer, who recommends to the President. See TBR Guideline P-130 for additional information.

## **Tuition-Free Classes at State Institutions.**

Pursuant to PC-191, full-time employees of the TBR and UT systems are eligible to enroll in one course per term at any public postsecondary institution, with fees waived for the employee, on a space available basis. If exercised, value of this benefit is subject to federal withholding tax.

## **Education Tuition Reduction for Children of State Employees.**

Every child in Tennessee under twenty-four (24) years of age whose parent is a full-time employee of the state of Tennessee or whose parent died while employed full-time or was killed on the job or in the line of duty while a full-time employee of the state of Tennessee shall receive a twenty-five percent (25%) reduction in the tuition at any state-operated area technical vocational school or institution of higher learning (TCA. 8-50-115)

Also, every child in Tennessee under twenty-four (24) years of age whose parent is a retired employee of the state of Tennessee who retired after a minimum of twenty-five (25) years of full-time creditable service shall receive a twenty-five percent (25%) reduction in the tuition at any state-operated area technical vocational school or institution of higher learning. (TCA. 8-50-115)

The institution reserves the right to disclose directory information. Directory information may be released without the student’s consent. Any student who does not want the following directory information disclosed, must complete a Suppression of Directory Information Request form (Forms are available in the Admissions and Records Office) and submit it to the Admissions and Records Office. ## **Student Academic Load**

Full-time - A student who enrolls in 12 or more semester hours of credit is considered to be full-time.

Part-time - A student who enrolls in less than 12 semester hours of credit is considered to be part-time.

Maximum Load - The maximum number of semester hours of credit in which a student may enroll Fall or Spring Semester at Southwest Tennessee Community College is 18. The maximum number for summer is 15.

## **Approval for Class Overloads**

In a minimal number of special cases, the Academic Dean will permit students to exceed the academic maximum load for the term. A request to exceed the maximum class load may not be made by students enrolled in developmental studies courses. Permission of the Academic Dean is required for any student who wants to enroll in more than 18 semester hours of credit fall or spring semester or for more than 15 hours summer. The appropriate form indicating the Dean’s permission must be submitted to Admissions and

Records Office personnel.

## **Repeated Courses**

A student may automatically repeat any course for which an “A ” or “B ” grade was not earned. If the grade of “A ” or “B ” was earned in a course, permission from the chief academic officer is needed to repeat the course; or repeating the course must be required for entry into one of the college’s academic programs.

## **Student Orientation**

Each full-time, degree-seeking student enrolling in college for the first time is required to attend orientation. Orientation is also recommended for other students enrolling at the College for the first time. The purpose of orientation is to introduce students to Southwest Tennessee Community College. During the orientation program, students will meet College administrators and faculty, be introduced to academic programs and services, learn about financial aid and registration procedures, and learn of the various facilities available throughout the College’s service area. Students who have completed admissions may also be allowed to actually register for classes.

## **Financial Aid**

The primary purpose of financial aid is to provide assistance to students who, without such aid, would find it difficult to attend college successfully. Southwest Tennessee Community College adheres to a nationally established policy and philosophy of financial aid for education. This policy is that students and parents have the first responsibility for financing an education. However, when it is determined that a family cannot meet the educational costs, then financial assistance may be available. All students are encouraged to apply for aid if they feel they have the need. To determine if there is need for assistance; Southwest Tennessee Community College uses the Free Application for Federal Student Aid, which takes into consideration the factors that affect a family’s financial status.

Faculty can assist students by becoming familiar with the following financial aid information

Students should apply early for financial aid; the optimal date is March 15

Full awards are based on 12 hours, but awards can be made for less than full-time schedules.

Students must earn credit in a minimum of 67 percent of hours attempted each academic year in order to maintain eligibility for financial aid.

## **Graduate Exam**

All candidates for graduation who are completing an associate’s degree must take a general education test. Prospective graduates are required to take this exam as a condition of graduation. In certain career programs, prospective graduates may also be required to take a departmental exam in their area of study.

## **Student Due Process**

Policy No. 3:02:00:01/8 (Student Due Process) sets forth the Southwest Tennessee Community College procedures for insuring that students are provided with fair treatment in the administration of discipline. An alternative to the College's process is provided under the Tennessee Uniform Administrative Procedures Act.

## Travel

**Local** — Persons traveling from their home to the campus designated as their official duty station are not eligible to receive reimbursement of travel expenses. The official duty station is defined as that location where the majority of time is spent in teaching or the performance of assigned duties. In accordance with section IV-1 of this procedure, compensation for travel between campuses, as well as other necessary local travel, will be made at the current rate as listed in the Addendum to this procedure when teaching or work assignments must be performed at two or more locations on the same day. All claims for reimbursement for local travel must be submitted on a monthly basis for all employees, except for faculty, who may file their travel claims on a semester basis, provided that all claims are filed within thirty (30) days from the end of the semester. All claims must be submitted within the fiscal year in which travel occurs, with the exception of the month of June, which must be submitted to the Fiscal Operations Office by the end of the fifth (5<sup>th</sup>) day of the new fiscal year, in order to be considered for reimbursement.

Each employee will have designated as his/her official duty station one of several locations where College operations occur. When the College requires an employee to move from the official duty station to another location, the employee will be reimbursed for the mileage traveled between the official duty station and the secondary location. If an employee is required to report to a location that is farther from his/her residence than the official duty station, the employee may claim reimbursement for the additional mileage. For example, if an employee normally has to drive ten (10) miles to work, but must drive fifteen (15), the reimbursement will be for five (5) miles or 15-10 miles. Faculty members who teach overloads at any location will not be compensated for any extra mileage expenses involved with the overload course(s). Neither will faculty be compensated for any mileage for teaching an evening course at their official duty station.

**Out-of-Town** — All employees must obtain prior authorization for in-state travel by the employee's appropriate approving authority. Advance written authorization may not be necessary for in-state travel where the expected expenses will not be substantial, or when there is no advance notice of circumstances necessitating the travel, and such travel is orally approved by the appropriate approving authority. Such authorization must be submitted in writing (on a *Request for Travel Authorization* form) before a claim for reimbursement will be processed. Employees whose employment requires frequent in-state travel may obtain blanket authorization in writing for such travel. Blanket authorizations are not available for student or group travel. All employees must obtain prior written authorization for out-of-state travel, which must be approved by the President or his/her designee.

**Claims** — Claims for reimbursement of travel expenses, including travel under blanket authorizations, must be completed no later than thirty (30) days after completion of the travel, with the exception of travel completed at the end of the fiscal year (June),

which must have completed claims for reimbursement by the end of the fifth (5<sup>th</sup>) day of the new fiscal year. Claims submitted after this period must provide written explanation for the delay.

Please consult STCC Policy No. 4:03:03:00/21 (General Travel) for further information.

## **Paycheck**

Regular full-time faculty and other professional personnel are issued paychecks on the last working day of the calendar month. Checks are dispersed from the Bursars Office. Faculty are encouraged to take advantage of the Direct Deposit Program.

## **Computer Resources**

Computer resources at Southwest Tennessee Community College are available to all currently enrolled students, faculty and staff, and others who have been authorized by the college for use in a responsible, ethical, and equitable manner. It is important that all users of the computing facilities conduct their computing activities in this manner since they have access to many valuable and sensitive resources and their computing practices can adversely affect the work of the college and other users. When activating an account, a user implicitly affirms that: they will abide by the broadest interpretation of the *Code of Computing Conduct* set forth in STCC Policy 4:00:00:00/14 (Use of Computing and Networking Resources). Failure to follow policies may result in loss of computing privileges; computer use may be monitored to protect the system; and the college may terminate the account of anyone who has been determined to use his or her access for unlawful or unethical purposes or in other contravention of STCC Policy 4:00:00:00/14 (Use of Computing and Networking Resources).

## **Vehicle Operation on Campus**

When faculty operate a motor vehicle on campus, it must be properly registered with the Campus Police by the purchase and display of a parking permit. Faculty are encouraged to respect the areas designated as student parking that are close to the facilities.

## **Campus Police Department**

The Campus Police Department is responsible for the safety and security of the entire STCC community. All campus emergencies and security concerns should be reported immediately to the Campus Police by dialing **5555** from any campus phone.

## **Keys**

Keys are made available to faculty upon an approved request by the department chair. The unauthorized duplication of STCC keys is prohibited. Keys must be turned in when

employment with Southwest Tennessee Community College is terminated, or there is no longer a need for the key.
