Clery Reporting Information

The **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act** is the landmark federal law, originally known as the Campus Security Act, that requires colleges and universities across the United States to disclose information about crime on and around their campuses.

The "Clery Act" is named in memory of 19-year-old Lehigh College freshman Jeanne Ann Clery (pictured), who was raped and murdered while asleep in her residence hall room on April 5, 1986.

Jeanne's parents, Connie and Howard, discovered that students hadn't been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact this law, which was initially known as the "Crime Awareness and Campus Security Act of 1990."

The Crime Awareness and Campus Security Act was amended in 1992, adding a requirement that schools afford the victims of campus sexual assault certain fundamental rights. It was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

In 2000, the Victims of Trafficking and Violence Prevention Act amended the Clery Act again to include "Megan's Law" by requiring information to be provided on the location of the state's public sex offender registry. It also amended the Family Educational Rights and Privacy Act of 1994 to clarify that institutions may disclose registered sex offender information without violating privacy laws. This information is accessible via a web link located on the Police Services/Public Safety Division's web page.

Additional amendments to the Clery Act were made through the Higher Education Opportunity Act of 2008 by requiring that institutions develop and distribute immediate campus emergency response and evacuation procedures. Institutions are required to report bias-related hate crimes in four new categories: larceny, simple Assault, intimidation, and destruction/damage/vandalism of property

In 2013, the Violence Against Women Act (VAWA) made provisions for newly reportable crime categories: domestic violence, dating violence, and stalking. VAWA also added two new categories of bias applicable to hate crime reporting. These two new categories are national origin and gender identity.

Police Authority

Southwest Tennessee Community College officers are certified through the Tennessee Peace Officers Standards and Training Commission to serve as law enforcement officers in the State of Tennessee. Southwest Tennessee Community College police officers have arrest powers as provided in the Tennessee Code Annotated 49-7-118. Our officers have full arrest authority and will address anyone involved in illegal activity. The Police Services/Public Safety Division has a written "Memorandum of Understanding" (MOU) with the Memphis Police Department. We share a good working relationship with them and other law enforcement agencies. If minor offenses are alleged, involving violations of Southwest Tennessee Community College's Code of Student Conduct, the Police Services/Public Safety Division may also refer the individual to the Director of Student Development for disciplinary action.

The Police Services/Public Safety Division offers a full range of safety services to the campus community of Southwest Tennessee Community College. Our responsibilities include completing and crime reports, investigations, medical emergencies, fire emergencies, traffic accidents, issuing traffic citations for parking, and traffic violations. Police Services/Public Safety is also responsible for enforcing all state, federal, and local laws along with college policies, including those relating to alcohol use, drug use, and weapons possession. Police officers patrol the campus via police vehicle, Segway, bicycle, and on foot to provide the best possible protection for students, employees, and visitors. The Union Avenue Campus, the Macon Cove Campus, and the Whitehaven Center offer 24 hours a day, seven days a week patrols. The Maxine A. Smith and Gill Centers officers patrol during the hours of the center's operation.

Reporting Crimes or Emergencies

Students, staff, and visitors to Southwest Tennessee Community College are encouraged to report all crimes, suspicious activity, emergencies, and public safety-related incidents that may occur at any Southwest Tennessee Community College campus or property promptly. We recommend immediately reporting incidents to the Police Services/Public Safety Division office at the location where the crime or situation originated. However, you may contact any of the Police Services/Public Safety offices at the numbers listed above to file a report.

Upon receipt of a complaint, an officer will be dispatched to your location and conduct the initial investigation. The appropriate action(s) will be taken according to the nature of the incident. If further investigation is required or notification of an outside agency is warranted, the Police Services/Public Safety officer will contact the appropriate outside law enforcement agency or make a referral.

The Police Services/Public Safety Division prepares incident reports for all crimes committed on campus reported to the department. These incident reports are maintained by the Police Services/Public Safety Division and automatically become part of its record-keeping process.

Confidential Reporting Procedures

The College encourages victims of sexual misconduct to talk to somebody about what happened so they can get the support they need so that the College can respond appropriately. Though the College will keep reports as confidential as possible, it cannot guarantee the confidentiality of every report or complaint. The College will weigh any request for confidentiality against its obligation to provide a safe, non-discriminatory environment for all students, including the victim.

The victim may also file a report with a designated Campus Security Authority. The Campus Security Authority can report the incident to the Police Services/Public Safety Division without revealing the victim's identity. The purpose of a confidential report is to comply with a person's wishes to keep the matter private while taking steps to ensure the safety of the individual and that of others on campus. With this information, the College can keep accurate records of the number of incidents involving students, employees, and visitors. The College can also determine crime patterns concerning locations and times, methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the College while protecting the victim's identity.

The following resources hold statutorily protected confidentiality that prohibits the release of an individual's information without that individual's express consent (except under limited circumstances that pose an imminent danger to the individual or to others.):

- Reports to professional licensed counselors (including the College's Counseling Center) or to professional medical healthcare providers are confidential to the extent allowed by law.

- Counselors will maintain confidentiality of any such reports unless required by law or court order to disclose information. For example, Tennessee’s mandatory reporting law related to abuse of minors, imminent harm to others, or subpoenas for testimony may require disclosure of all information received. Counselors affiliated with the College may assist the complainant in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health or mental health services, campus working or course schedules. In some cases, providing requested assistance might require the counselors to reveal identifying information to other individuals.

Accommodations

The College will take any reasonable measures to provide victims of sexual misconduct assistance in changing academic, transportation, and working situations if so requested and reasonably available. The College will provide victims of sexual offenses written notification about options for, available assistance in, and how to request changes to academic, transportation and working situations or protective measures. Accommodations will be provided in a manner intended to protect the confidentiality of the victim to the fullest extent possible and to the extent that maintaining confidentiality will not impair the ability to provide interim or other protective measures and other supports or accommodations. Such accommodations may include, but are not limited to:

- Assist the complainant in obtaining an order of protection or restraining order as appropriate, develop Safety Action Plans for travel to and from campus, and obtain other services both on and off campus.
- Restrictions on contact (“no contact” order) between the complainant and the respondent;
- Exclusion from areas of campus;
- Providing an escort to ensure that the complainant can move safely between classes, meetings, and activities;
- Ensuring that the complainant and respondent do not attend the same classes or other necessary appearances;
- Providing counseling services;
- Providing academic support services such as tutoring;
- Arranging for the complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant’s academic record;
- Student respondents may be placed on Interim Suspension under the appropriate circumstances pending the outcome of the investigation.
- In appropriate circumstances and consistent with College’s Human Resource policies, employee respondents may be placed on administrative leave pending the outcome of the matter. The College will provide the campus community notification of existing campus community victim advocacy, student financial aid assistance, counseling and mental health services, and other services available to victims of sexual misconduct whether or not the incident is reported to campus, criminal and/or civil authorities.

Campus Security Authorities

A Campus Security Authority (CSA) is a designated individual or official, who by virtue of their college responsibility for student and campus activities, and under the Clery Act, receives and reports criminal incidents to the Police Services/Public Safety Division so that the incident may be included and published in the College's Annual Security Report. They have completed training on handling reporting crimes, victim relations and support, and related school policies. The regulations that govern the Clery Act (34 CFR 668.46) define a CSA as:

- A campus police department or a campus security department of an institution, (e.g., any member of the department.)
- Any individual or individuals responsible for campus security but who do not constitute a campus police department or a campus security department. (e.g., an individual who is responsible for monitoring the entrance into institutional property.)
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.
- Pastoral and professional counselors are not considered a campus security authority when acting in their roles as a pastoral or professional counselor.

Their positions identify these individuals at each campus location. The Police Services/Public Safety Division is responsible for ensuring the CSAs submit reports and statistics on any crime report they receive. The organizations and their perspective representative(s) are listed below. Contact numbers may be obtained from the Southwest Tennessee Community College operator at 333-4000 or directly from the Southwest Tennessee Community College Telephone directory.

Who is exempt from reporting?

Campus officials are exempt from reporting when they are acting as a pastoral or as a professional counselor. For this purpose, a pastoral or a professional counselor is defined as follows:

1. A Pastoral Counselor is a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
2. A Professional Counselor is a person whose official responsibilities include providing mental health counseling to members of the institution's community and functioning within the scope of his or her license or certification.

Other persons with significant responsibility for campus and student activities and counselors who advise students and employees are not exempt from reporting, even if the counseling is confidential.

Sexual Offender Information

Under Tennessee Code Annotated Title 40, chapter 39, part 2, repeat sexual offenders, violent sexual offenders, and child sex offenders are required to register with the state of Tennessee. Registered sex offenders are not prohibited from attending Southwest Tennessee Community College, but they must under state law register with the local law enforcement agency in which the College is located and provide the State of Tennessee with this information. Information on registered sex offenders may be obtained at the Tennessee Bureau of Investigations website: <http://www.tbi.tn.gov> or through the National Sex Offender's data base: <http://www.nsopw.gov/> Information on sexual offenders may also be obtained at the local police department or the Police Services/Public Safety Division.

Sexual Assault Prevention and Response

The College prohibits sexual misconduct, stalking, and dating or domestic violence. The College is a community of scholars founded on mutual respect and is committed to providing a living, learning and working environment that is free from sexual misconduct and harassment. Such behavior can impair or limit the educational and occupational opportunities of members of the College community and have no place in any academic environment.

Pursuant to the Higher Education Amendments of 1992 (Public Law 102-325), generally referred to as the Sexual Assault Victim's Bill of Rights, it is important to promote the reporting of all

sex-crime violations as well as to outline the procedures to facilitate the reporting of all alleged violations. Therefore, students, faculty, and staff are hereby informed of the following:

Sexual Misconduct: For the purposes of this policy, “sexual misconduct” is defined as dating violence, domestic violence, stalking, and sexual assault. It may also include actions which would typically include sexual harassment.

Sexual Assault: Nonconsensual sexual contact with the complainant by the respondent, or the respondent by the complainant when force or coercion is used to accomplish the act, the sexual contact is accomplished without consent of the complainant, and the respondent knows or has reason to know at the time of the contact that the complainant did not or could not consent. “Sexual contact” includes, but is not limited to, the intentional touching of the complainant’s, the respondent’s, or any other person’s intimate parts, or the intentional touching of the clothing covering the immediate area of the complainant’s, the respondent’s, or any other person’s intimate parts, if that intentional touching can be reasonably construed as being for the purpose of sexual arousal or gratification.

*"Forcible" and "Non-forcible" Sex Offenses—*A forcible sex offense is "any sexual act directed against another person, forcibly and/or against that person's will where the victim is incapable of giving consent, and includes forcible rape, forcible sodomy, sexual Assault with an object, and forcible fondling. Non-forcible sex offenses are acts of "unlawful, non-forcible sexual intercourse," and include incest and statutory rape. Depending on the circumstance, rape could be in either category.

*Procedures for Reporting an Offense—*In those instances where sexual Assault is alleged, the victim is strongly encouraged to report the incident. The campus offices authorized to deal with sex-crime are the Vice President of Student Services, Office of Title IX, and the Southwest Tennessee Community College Police Services/Public Safety Division. When contacting one of these offices, the victim will be given specific information as to how to proceed in filing formal charges against the accused. The Procedures for on-campus disciplinary action would be the same as those outline in the Student Handbook for any alleged violation of the Student Code of Conduct.

If you are a victim of a sexual offense:

- Get to a safe place.
- As soon as you feel safe, call the Police Services/Public Safety Division or 911. Stay on the line and insure the dispatcher knows where you are calling from.
- Do not shower, douche, or change or destroy your clothes.
- Do not tidy up.
- Try to preserve the evidence of the crime.
- Do seek medical attention immediately.

If, after conferring with the student, it is decided that a given incident is to be referred to the civil authorities, this action would then be pursued by the Southwest Tennessee Community College

Police Services/Public Safety Division. It should be stressed that the preservation of evidence is critical for criminal prosecution.

Students, faculty, and staff are hereby advised that they have the option of pursuing their allegations either through the Office of Title IX or the Southwest Tennessee Community College Police Services/Public Safety Division. Reports can be filed with both departments and will not constitute double jeopardy. Ultimately, it is the individual's decision as to whether or not he/she wishes to pursue allegations by both authorities. For crimes that occur off campus, victims are encouraged to notify their local law enforcement authorities. However, upon request, Southwest Tennessee Community College Police Services/Public Safety Division will assist with the notification.

Possible Sanctions—Depending upon the severity of the incident, those persons found guilty of a sex crime offense may be subject to a range of penalties, e.g., suspension or dismissal from the College, as well as other sanctions as outlined in the Student Handbook. Both the accused and the accuser are entitled to have a representative present during the campus disciplinary hearing. The outcome of the hearing will be made available to the accused and the accuser.

Changing Academic Arrangement—When appropriate, academic arrangements may be modified as the direct result of a sexual assault. This action may be taken when requested by the victim and if such modifications are reasonably available. These arrangements would be coordinated by the office of the Vice President of Student Services with appropriate instructional staff.

Counseling Services—Those students who become victims of a sex-crime are eligible for and encouraged to take advantage of the on-campus counseling services offered by Counseling and Social Services. Referrals to other community support services will be made when appropriate.

Sexual Harassment—Southwest Tennessee Community College does not tolerate any behavior, verbal or physical contact, by an administrator, supervisor, faculty, staff member, or student which constitutes sexual harassment of any employee or student.

Sexual Assault / Rape Prevention Program

Southwest Tennessee Community College sponsors awareness events on sexual assault, harassment, rape prevention, Non-Forcible sex offenses, and other crimes. These events are organized and controlled by the Student Development Department, the Title IX Office, and/or Police Services/Public Safety.

Crime Prevention Programs

Southwest Tennessee Community College Police Services/Public Safety Division participates either through video presentations or actual appearances in all new student orientations. Discussions includes providing background information on the Police Services/Public Safety Division, crime reporting procedures, how to protect one's self from crimes on campus, and services provided by the Division relating to orders of protection. Additional information

presented in orientations/events may include violent crimes that have occurred in another jurisdiction, but may affect Southwest students while on campus.

Campus Access

Southwest Tennessee Community College campuses and facilities are restricted to students, employees, guests and invitees of College, except when part or all of the campus, its buildings, or facilities are open to the general public for a designated time and purpose. All person(s) on any Southwest Tennessee Community College property are subject to all rules and regulations of the College which are applicable to student conduct on campus, and all federal and state laws and regulations. In addition, all person(s) who operate motor vehicles on campus properties agree by such operation to be subject to College and Tennessee Board of Regents (TBR) rules, regulations, policies, and procedures relating to traffic and parking. All person(s) on Southwest Tennessee Community College properties shall provide adequate identification upon request to appropriate officials, police, and security personnel. Personnel and students refusing to provide such identification may be subject to disciplinary action. Other persons refusing to provide such identification shall be requested to leave the campus. Persons who refuse to leave upon request will be subject to lawful removal and prosecution. Employees present on campus properties after hours are required to sign the after-hours log maintained at the Police Services/Public Safety Division office.

Students, employees, and visitors to Southwest Tennessee Community College are encouraged to report any potentially unsafe building or equipment conditions to the Police Services/Public Safety Office. Police Services/Public Safety personnel will, in turn, report such conditions to the Director of the Physical Plant.

Drug/Alcohol

It is the policy of Southwest Tennessee Community College that the unlawful manufacture, distribution, possession, use, or abuse of alcohol and illicit drugs on the Southwest Tennessee Community College campus, any off-campus site, and at any College functions at off-campus locations is strictly prohibited. All employees and students are subject to applicable federal, state, and local laws related to this matter. Additionally, any violation of this policy will result in disciplinary actions as set forth in Southwest Tennessee Community College Student Disciplinary Rules, Employment Policies and Procedures.

Institutional Sanctions

Southwest Tennessee Community College will impose the appropriate sanction(s) on any employee or student who fails to comply with the terms of the Drugs/Alcohol policy.

Employees—As a condition of continued employment, all employees must abide by the terms of this policy and must notify the Office of Human Resources of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction. A conviction includes a finding by state, local, or federal judicial body. Upon receiving notice that an employee is in violation, or that an employee has been convicted of a violation of a criminal drug statute or alcohol abuse occurring on campus or as a part of College

activities, the College will take appropriate disciplinary action against the employee. Any employee who fails to report a conviction will be subject to disciplinary sanctions. Disciplinary sanctions for failure to comply with this policy, including failure to notify of conviction, may include one or more of the following:

1. Termination
2. Suspension
3. Mandatory participation and satisfactory completion of a drug/alcohol abuse program or rehabilitation program
4. Recommendation to professional counseling
5. Referral for prosecution
6. Letter of warning
7. Probation

Students—As a condition of continued enrollment, students must abide by the terms of this policy and must notify the Vice President for Student Services of any criminal drug statute conviction for a violation occurring on the Southwest Tennessee Community College campus or at college functions at off-campus locations no later than five days after such conviction. A conviction includes a finding of guilt, a plea of nolo contendere, or imposition of a sentence by any state, local, or federal judicial body.

Upon receiving notice that a student is in violation of these procedures, or that said student has been convicted of a violation of a criminal drug statute or alcohol abuse occurring on campus or as a part of College activities, the College will take appropriate disciplinary action. Disciplinary sanction for failure to comply with this policy, including failure to notify of conviction, may include one or more of the following:

1. Expulsion
2. Suspension
3. Mandatory participation and satisfactory completion of a drug/alcohol abuse program or rehabilitation program
4. Recommendation to professional counseling
5. Referral for prosecution
6. Probation
7. Warning
8. Reprimand

Legal Sanctions

Various federal, state, and local statutes make it unlawful to manufacture, distribute, dispense, deliver, sell, or possess with intent to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors, including the type and amount of the controlled substance involved, the number of prior offenses, if any, whether death or serious bodily injury resulted from the use of such substance, and whether any other crimes were committed in connection with the use of the controlled substance. Possible maximum penalties for a first-time violation include imprisonment for any period of time up to a term of life

imprisonment, a fine of up to \$100,000, supervised release, any combination of the above, or all three. These sanctions are doubled when the offense involves either:

- A. the distribution or possession at or near a school or college campus, or
- B. distribution to persons under 21 years of age

Repeat offenders may be punished to a greater extent as provided by statute. Further, a civil penalty of up to \$10,000 may be assessed for simple possession or "personal use amount" of certain specified substances under federal law. Under state law, the offense of possession or casual exchange is punishable as a Class A misdemeanor. If there is an exchange between a minor and an adult at least two years the minor's senior, and the adult knew that the person was a minor, the offense is classified as a felony as provided in TCA 39-17-417. (21 USC 801, et. Seq.; TC A. 39-17-417)

It is unlawful for any person under the age of twenty-one (21) to buy, possess, or transport alcoholic beverages for any purpose unless it is in the course of employment. It is further an offense to provide alcoholic beverages to any person under the age of twenty-one (21). These offenses are classified as Class A misdemeanors (TCA 39-15-404) and are punishable by imprisonment no greater than eleven (11) months and twenty-nine (29) days or a fine not to exceed two thousand five hundred dollars (\$2,500) or both, unless otherwise provided by statute. The offense of public intoxication is a Class C misdemeanor punishable by imprisonment of not more than thirty (30) days or a fine of not more than \$50, or both (TCA 39-17-310).

Health Risks Associated with the Use of Illicit Drugs and the Abuse of Alcohol

Many health risks are associated with the use of illicit drugs and the abuse of alcohol, including organic damage; impairment of brain activity, digestion, and blood circulation; impairment of physiological processes and mental functioning; and physical and psychological dependence. Such use during pregnancy may cause spontaneous abortion, various birth defects, or fetal alcohol syndrome. Additionally, the illicit use of drugs increases the risk of contracting hepatitis, AIDS, and other infections. If used excessively, the use of alcohol or drugs singly or in certain combinations may cause death.

Including, but is not limited to, firearms, guns of any kind, ammunitions, explosives of any kind, bows and arrows of any kind, and knives. Timely Warnings

A Timely Warning is triggered by a crime that has already occurred but poses a continuing threat. If a situation arises either on or off-campus, that, in the judgment of the Director of Police Services/Public Safety, constitutes an ongoing or continuing threat, a campus-wide warning will be issued. Depending on the particular circumstances of the situation, the warning will be disseminated via email, and campus closed-circuit television, Rave Alert, or personally to Southwest staff and students.

The department issues Timely Warnings for incidents of:

- Murder/Non-Negligent Manslaughter
- Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the incident is believed to be an ongoing threat to the broader Southwest community)
- Robbery involving force or violence (cases including pickpocketing and purse snatching will typically not result in the issuance of a Timely Warning but will be assessed on a case by case basis)
- Sexual Assault (considered on a case by case basis depending on the case's facts, when and where the incident occurred, when reported, and the amount of information known.)

- Major incidents of arson
- Other crimes deemed necessary by the Director of Police Services/Public Safety or his or her designee in his or her absence

Emergency Notification

An Emergency Notification is triggered by an event that is currently occurring or imminently threatening the campus. If a serious crime, a natural disaster, or a human-made emergency occurs that poses an immediate threat to the health and safety of the Southwest Tennessee Community College community or a segment of the college community, an Emergency Notification may be issued. The types of incidents that may cause an immediate threat to the Southwest community could include but are not limited to emergencies such as:

- An active shooter/armed intruder on campus
- A hostage/barricade situation
- A riot
- A suspicious package with confirmation of a device,

In addition to crimes reported to Police Services/Public Safety Division, the Director also solicits information from the Vice President of Student Affairs and the Office of Equity and Compliance. Crime statistics in this report from off-campus venues and adjacent streets were compiled in collaboration with the Memphis Police Department, Shelby County Sheriff's Office, Millington Police Department, and the Somerville Police Department.

These crime statistics are substantiated by the Police Services/Public Safety Division in collaboration with the Vice President of Student Affairs, The Office of Equity and Compliance,

Clery Act Reporting Requirements

Under the Clery Act, Southwest Tennessee Community College must publish crime statistics in a campus crime report for each campus location by October 1 each year. The submission deadline was extended to December 2020 due to COVID-19. The campus crime report must be made available to the students, staff, and faculty of the College, prospective students, and employees upon request. The Annual Security Report must be distributed in two ways: giving a copy directly to each individual or by direct mailing to each individual through email, campus mail, US postal service, or a combination of these methods. The Annual Security Report may be posted on the internet or intranet website as long as it is reasonably accessible to current students, employees, and prospective students and employees. Information on how to access the crime report must be provided. The College must provide a paper copy of the report upon request. This request does not have to be in writing, and the institution may not charge for the information. The institution must provide a direct link to the Annual Security Report.

- A prospective student is defined as an individual that has contacted an eligible institution requesting information about admission to the institution.
- A prospective employee is defined as an individual who has contacted an eligible institution requesting information concerning employment with that institution.

The annual crime report for Southwest Tennessee Community College may be accessed on the College website: <http://www.southwest.tn.edu/police/cleryReport.pdf> On the Police Services/Public Safety website: <http://www.southwest.tn.edu/police/> or the report may be accessed by request at any campus police office of Southwest Tennessee Community College. The College must report on the following offenses under the Clery Act requirements: murder and non-negligent manslaughter, negligent manslaughter, forcible and non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arrests and referrals for disciplinary actions. To provide a more accurate description of crimes committed on the properties owned or controlled by Southwest and since these offenses also directly affect the students, employees, and visitors to the College, the College has added simple assault domestic assault, and theft from motor vehicle, theft/larceny, and arson offenses to the crime statistics in the crime report.

Dormitories or Residential Facilities

Southwest Tennessee Community College crime statistics must include statistics for dormitories or residential facilities on Southwest Tennessee Community College-owned or controlled properties. Southwest TN Community College does not own or operate any dormitories or residential facilities, so there are no statistics in this report

Non-Campus Properties

Southwest Tennessee Community College Police Services/Public Safety Division solicits crime statistics from law enforcement agencies with jurisdiction over the College's non-campus properties.

Emergency Response Procedures

Notifying the Campus Community of an Immediate Threat to Health or Safety:

The decision to notify the community is determined on a case by case basis. The initial recommendation is made by the Police Services/Public Safety Division. The notification recommendation is typically made to the President or the Vice President of Financial and Administrative Services. The person(s) responsible for sending the official notification to the campus community includes, but is not limited to, the Director of Police Services/Public Safety and the Director of Marketing and Communications. If the incident requires the broader community notification, the information will be communicated via:

- text [Rave-Alert],
- college email,
- college website,
- college phone system,
- college social media outlets,
- and the local media.

In addition to Police Services/Public Safety notification, the local Police or Sheriff's Departments are contacted to act in concert with the College Police Services/Public Safety Division in maintaining order, isolating buildings, and controlling situations. The Police Services/Public Safety Division will activate the Emergency Notification procedures by dispatching officers via two-way radio, dispatching runners to each affected area to make the appropriate notifications, and the methods listed above.

Communicating the Confirmation of an Emergency:

Confirmation of emergencies is generally communicated to the broader community by way of local media outlets. The College Police Services/Public Safety Division confirms and communicates emergencies based on observations, news media, information received, and investigated. In the case of dangerous weather, the weather service will be monitored. Again, this information is communicated by way of text [Rave-Alert], college email, college website, college social media sites, and the audible announcement system located throughout the campuses. The information can be disseminated to the broader community by news media and local law enforcement authorities. Our emergency response and evacuation system are conducted annually using marked drills at various campus locations.
